# The Lifetime Alumni Membership & Member Benefits

---

# Global Jesuit Honor Society

- Induction is the beginning of a lifetime membership. We have over 100,000 + members spanning across the globe. Our members are collaborators in mission at our Jesuit institutions and with the Society of Jesus. We want to provide touchpoints to our membership at various stages in their lives.
  - While you all work primarily with students, it is important for you to understand membership in Alpha Sigma Nu can serve as a way to keep these students connected back to your school, to ASN, and with the Society of Jesus throughout their lives.

*My personal and professional life have at their core the concept of embracing challenges as opportunities to pause and take in the beauty of the "climb". I am reminded of the quote from David McCullough, Jr. who stated, "Climb the mountain not to plant your flag, but to embrace the challenge, enjoy the air and behold the view. Climb it so you can see the world, not so the world can see you." I approach life as one big adventure that affords me the opportunity to be a positive influence in the world. Whether it is at home or at work, I strive to be the best version of myself while remembering to be brave in the face of adversity while relying on my faith."*

## Sargent Family Scholarships for first generation junior standing members.

- We have completed our first full year awarding this scholarship to 15 first generation members.
- \$1,000 scholarship awarded to 10 first generation students annually.
- Two timelines- first in January to capture students inducted in the fall, and then again in the Spring/Summer to capture those inducted in the spring.

We need your help to make sure you are advertising these opportunities with your chapter and making sure to ask for those who are first generation students. (This is not open to International students).
